- in school                       on TV                       in the newspapers  
 through an association       on radio                       in your home  
 from friends                       via the internet              Other, state which: \_\_\_\_\_

- Mark the alternative which decided your choice of school. Several alternatives are possible here.

- Friends                               The school has a good reputation.  
 Proximity to school               The school offers extra-curricular activities of interest, state which: \_\_\_\_\_  
 Other                                   This school offers the program I want to do

## Part 1

For each statement below, mark the alternative which ties in best with your understanding.

You can mark your response on a scale from **Strongly disagree** to **Strongly agree**. If you neither agree nor disagree then mark the **middle alternative**. If you don't know how to respond to the question, then mark the alternative, **Don't know**.

		Strongly disagree				Strongly agree		Don't know
1	Reducing water consumption is necessary for sustainable development.	<input type="checkbox"/>		<input type="checkbox"/>
